muz 83-27-1

Adverting to your No. 820-27/Muz. 97-27-1 dated the 19th May 19 directing that the rates proposed in C. 3614/27-28-9 dated 28th April 19 may be made applicable for the sandalwood to be supplied to the Arms Factory and thereafter in any case, for a further period of five years, I have the honour to state that the period of five years fixed in the Government Order referred at the end of June last. I therefore beg to request that the present rates may continue for another five years from the ... It is true that the present sales rates are very much less than the current market rates in the ... Oil Factory. Under the circumstances the reduction proposed need not be considered, especially when there is no necessity to encourage natural sales.

I have the honour to be,

Your most obedient servant,

B. Ramaiengar

Conservator of Forests.

In the previous G.O. of 16.5.22 was issued from the Muzrai Department, this should have been transferred to the Forest Department for such action as disposal

Please let me know in what City Sandal Wood is supplied to our institute. Is it under any Samaj or is the transaction simply one of sale? Is the quantity to be allowed to each institution fixed? If so please let me see the authority fixing the quantity to be supplied. How do rates fixed for this supply compare with those realised for Wood, when sold directly as Wood or indirectly in the form of oil &c. say in the last 2 years?

Submitted with reference to para 7. The circumstances in which Sandalwood is being supplied to Muzrai institutions are explained in the G.O. of 1911 in the The institutions & the quantities supplied also appear in the ref. file put up below. Some of these institutions are entitled to the grant under Sanads and others on account of long usage. In both cases the Forest Dept receives payment for the wood supplied and the rate at which payment is to be made is under the same order fixed once in five years. In the case of the "Sanad" list the grant is free from the Muz. Dept. In the other case the transaction is one of bare sale. The rate for wood was last fixed in 1922. The Conservator proposes that the same rate may continue for five years from now. When wood is sold directly — this is now done only in retail

the rates fixed in the GO of 1922 apply. Sales in large quantities are stopped - all the wood going to the sandalwood oil factories. The rate realised by the Forest dept for wood supplied to the Sandalwood oil factories is stated to be about Rs 1336. The Coorg sales seem to have fetched Rs 1301 per ton on the average. The rate proposed to be continued is rather high compared with this rate but not much in excess. Whether later may perhaps not be approved is for consideration
